

Return to Play Framework

- I. Criteria for Return to Play
- II. Introduction of Responsibilities
- III. Phases of Return to Play
- IV. Other Resources

I. Criteria for Return to Play

- Individuals must show no signs or symptoms of COVID-19 in the past 14 days and have not been exposed to someone that has been ill in 14 days.
- Individual must live in training location/community for 14 days prior to beginning group training.
- A player or coach may return sooner than 14 days after out of state travel if they receive a negative COVID-19 test after returning from out of state.
- All individuals must have their temperature taken by an adult prior to going to training.
- Upon arrival to practices or games, coaches or staff should ask each athlete if they are experiencing any signs or symptoms of COVID-19. If the athlete has any signs or [symptoms of COVID-19](#), they should be sent home immediately and instructed to contact their healthcare provider as soon as possible.
- Make sure appropriate infection prevention supplies are present in multiple targeted areas (e.g., hand sanitizer, facial tissues, facial coverings, etc.)

- Small group sessions should take place outside in an area where social distancing can be maintained.
- Participants should use their own equipment and properly sanitize the equipment before and after every training session.
- Always use your own water bottle, towel and personal hygiene products.
- No activities that require direct or indirect contact between athletes.
- Cleaning schedule/protocol of equipment with disinfectant before, during, and after practice.
- Wearing appropriate personal protective equipment (gloves, face mask, etc.) as required by local guidelines.
- Coaching can occur but coaches must maintain social distancing from all participants.

II. Introduction of Responsibilities

Club Responsibilities

- Create and distribute protocols to its members.
- Contact any additional insurers if your club holds any policies outside of what is included in your Kentucky Youth Soccer membership to ensure all coverages.
- Post signs in highly visible locations (e.g., at entrances and exits, and in restrooms) that [promote everyday protective measures](#) and describe how to [stop the spread](#) of germs such as by [properly washing hands](#) and [properly wearing a cloth face covering](#) ([Click here](#) for sample signs from the CDC).
- Maintain a complete list of coaches, youth athletes, and league officials present at each event to include the date, beginning and ending time of the event, name, address and phone contact to be made available upon the request from the local health department.
- Clean and disinfect frequently touched surfaces on the field surface at least daily, or between uses as much as possible. Use of shared objects and equipment should be limited or cleaned between uses by each individual if possible.
- Have an effective communication plan in place, identify strategies for working with public health to notify adult leaders, youth and their families if the organization learns a player or coach has contracted COVID-19 and may have been infectious to others while at a youth activity, while maintaining confidentiality.
- Be sensitive and accommodating to parents that may be uncomfortable with returning to play too quickly.

- Train and educate all staff to protocols and requirements, including state and local regulations, CDC recommendations and other necessary information.
- Be prepared to shut down and stop operations. Develop plans for temporary closure of indoor facilities and cancel outdoor activities or camps to properly disinfect and ensure other adult leaders or youth are not infected.
- Provide adequate field space for social distancing.
- Provide hand sanitizing stations and waste receptacles at fields.
- Develop a relationship and a dialog with health local officials. (identify Risk Tolerance)

Coach Responsibilities

- Ensure the health and safety of all players.
- Inquire how the athletes are feeling, send them home should you believe they act or look ill.
- Follow all state and local health protocols.
- Ensure all athletes have their individual equipment (ball, water bottles, bag, etc.)
- Coach is the only person to handle all practice equipment. (cones, disk etc.)
- Coach to sanitize/clean all personal training equipment before and after each session (e.g. cones, discs, etc.)
- All training should be outdoors and ensure social distancing per state or local health guidelines.
- Always wear a face mask, when not actively coaching, maintain social distance requirements from players based on state and local health requirements.
- Have fun, stay positive – players and parents are looking to you to stay calm, supportive and caring during this time.
- The use of scrimmage vests or pinnies is not recommended at this time.

Parent Responsibilities

- Ensure child is healthy and check your child's temperature daily.
- Limited or no carpooling with other players.
- Stay in car or adhere to social distance requirements, based on state and local health requirements, when at practice wear mask if outside your car.
- Ensure child's clothing is washed after every training session.

- Ensure all equipment, cleats, ball, shin guards etc. are sanitized before and after every training.
- Notify member organization immediately if your child becomes ill for any reason.
- Do not assist coach with equipment before or after training.
- Be sure your child has necessary sanitizer with them at all times.

Player Responsibilities

- Take temperature daily.
- Wash hands thoroughly before and after training.
- Bring and use, hand sanitizer with you to every training.
- Wear mask before and immediately after all training.
- Do not touch or share anyone else's equipment, water, snack or bag.
- Practice social distancing, place bags and equipment at least 6 feet apart.
- Wash and sanitize all equipment before and after every training.
- No group celebrations, no high 5's, Hugs, handshakes etc.

III. Phases of Return To Play

Overview

- **Phase 1 (Current Phase): Stay Home** – Member organizations can provide guidance and online training for players that can be done individually at home.
- **Phase 2: Individual/Small Group Training** – This phase allows for outdoor training to resume with specific protocols in place. - June 15th
- **Phase 3: Larger group/team training** – This phase allows for resumption of full team practices with specific protocols in place. - June 29th
- **Phase 4: Full Return to play** – Matches can begin with safety precautions.

Phase 1: Stay Home – Current Phase

- No in-person soccer related activity
- Online Training is acceptable

Phase 2: Individual/Small Group Training - June 15th

- Player to coach ratio per practice group of no more than ten (10) players and one (1) coach.
- No more than 4 training groups per designated training area.
- Ensure that each practice group has a different location to place bags and water. They should not congregate in the middle of the field of play or meet in the same place.
- Practices limited to non-contact individual activities while following social distancing protocols (individual skills, fitness, etc.). **No group activities allowed in this stage.**
- Stagger start times for training to minimize players arriving and leaving at the same time
- Games or scrimmages are NOT permitted in this phase. 1v1, 2v2, 3v3, 4v4, etc. are not permitted due to the potential contact.
- Parents must follow social distancing guidelines and should remain in their cars if possible.

Phase 3: Larger Group/Team Training - June 29th

- Player to coach ratio per practice group of no more than ten (10) players and one (1) coach. Multiple groups may practice simultaneously but must follow social distance protocols.
- Staggered start times for practice to minimize players arriving and leaving at the same time.
- Parent/Guardian may watch practice but adhere to social distancing requirements.
- No games or scrimmages are permitted in this phase.

- Activities should continue to adhere to social distancing policies (e.g. passing patterns, zone games, etc.). No physical contact but medium sharing² is acceptable in accordance with the guidelines as determined by the Governor's office.

Phase 4: Return to play

This phase has four parts that successively increase the amount of contacts players have. The club will announce to club membership when moving through the four successive stages. During this time the following procedures are in place.

- No training session restrictions.
- League/Tournament protocols:
 - Social Distancing for spectators
 - Staggered start times to limit the interactions with teams arriving and leaving the field of play

4a. Inter-club matches

Teams within Commonwealth SC may play against each other.

4b. Local travel matches

Commonwealth SC may travel to matches within any county contiguous to Fayette County.

4c. League play within the state.

Commonwealth SC may play in league within the state with single matches.

4d. Travel out of state for tournaments and other matches

Commonwealth SC may resume travel out of state for matches and in state or out of state for events.
